

Disseminating Research: Ways and Means

- ✓ A dissertation or thesis prepared and presented for a course of study, e.g., undergraduate or postgraduate study
- ✓ A research paper published in a research journal
- ✓ A practice paper published in a practice journal
- ✓ A 'poster', i.e., a short summary of research findings or of research in progress, presented at a conference
- ✓ Research-based texts, i.e., texts about research
- ✓ Practice-based texts, i.e., theory texts about practice such as person-centred, psychodynamic, CBT etc.
- ✓ Verbal forms of dissemination
- ✓ A presentation of a research paper given at a conference (whether that be a research or practice-based conference)
- ✓ A keynote talk at a conference
- ✓ A short training workshop, e.g., of only a few days or single-day duration
- ✓ Online forms of dissemination
- ✓ A training manual or training tools
- ✓ DVD, online or web-based or video training resources
- ✓ Symposiums or seminars.
